

Application for Installation of an Underground Electric System in a Residential Subdivision

This form must be completed by the Developer and returned to FECC before design of the electric system can proceed.

This Application for Installation of an Underground Electric System in a Residential Subdivision (this "Application") is made by the Developer (defined below) to First Electric Cooperative Corporation ("the Cooperative"). If Cooperative approves this Application, the Cooperative will provide underground electric facilities for the Subdivision (defined below) in accordance with its line extension tariff and the terms and conditions contained in the edition of its *Requirements for Installation of Underground Electric Systems in Residential Subdivisions* (the "Requirements") that is effective on the date hereof. The Developer agrees that it has received a copy of the *Requirements*, which are also available from a Cooperative representative, or at www.fecc.coop, and understands the terms and conditions set forth therein. Developer further agrees to provide the *Requirements* to its engineers and contractors in order to avoid delays or additional costs during the construction of the Subdivision.

Please provide the following information for the planned residential development:

1. Subdivision Name ("Subdivision") _____
2. Subdivision Location (City and County) _____
3. Name of the Owner/Developer ("Developer") _____

Mailing Address _____

Phone: _____ Email: _____

4. Is the Developer a corporation, LLC or other entity? (Please circle one) Yes No

If "yes" please provide the name and title of all owners or officers of the entity:

Names:	Title:
_____	_____
_____	_____
_____	_____

5. Will the Developer have a field representative authorized to approve changes resulting in additional charges to the Developer? (Please circle one) Yes No

Name of Field Rep. _____ Cell Phone _____

6. Is the Subdivision subject to a planning jurisdiction? (Please circle one) Yes No

If "yes" please provide:

Name of Jurisdiction: _____

Contact Person: _____

Telephone: _____

Email: _____

7. Is the Subdivision going to be constructed in phases? (Please circle one) Yes No

If "yes" please attach a copy of the overall development plan including all proposed phases.

8. What is the expected range of living area (sq. ft.) for the homes in the subdivision? _____

9. Will natural gas be available to homes in the subdivision? (Please circle one) Yes No

10. Is equipment being installed that requires three phase power? (Please circle one) Yes No

If "yes" please attach a detailed description of the specific power requirements for each load, include the type of the electrical load, motor horsepower, locked rotor current, full load current, voltage, and location within the development.

11. Will there be a power requirement for amenities such as motor-operated gates, public use areas, signage or landscape? (Please circle one) Yes No

If "yes" please attach a detailed description of the specific power requirements and the locations within the subdivision.

12. Is the Developer proposing to install street lights in the Subdivision? (Please circle one) Yes No

If "yes" the Developer is responsible for obtaining approval from the planning jurisdiction for the street lights.

13. Please attach copies of the following documentation or mark "NA" if not applicable:

- A. Overall development plan or sketch plat showing all proposed phases.
- B. Timeline for constructions – including all phases (if applicable).
- C. Approved preliminary plat of Subdivision in an AutoCAD format, including water, sewer, or other underground utility lines.
- D. If three phase power is required, detailed description of the specific power requirements, include the type of the electrical load, motor size, voltage, and location.
- E. If there are other service requirements for amenities such as motor-operated gates, public use areas, etc., please provide a load description and location for each service.
- F. Water, Sewer, and Storm Sewer plans.
- G. Copy of the subdivision bill of assurance (protective covenants) including easement language required by the Cooperative (see Section 4.4 of the *Requirements*).

By signing below, the Owner/Developer agrees to abide by the terms and conditions contained in the edition of Cooperative's *Requirements* that is in effect on the date set forth below.
